

## **Parish notices and other matters November 2025**

I am sorry this is being sent impersonally but we have had a problem with mail chimp in that some members are receiving emails from centre secretary normally but others are find the email in their junk or spam folders. If you have not received an email from me in the last few days please check your spam and junk files. Then authenticate them so you don't have this problem in the future (fingers crossed!).

Jan has very kindly put the financial papers on the anglemog website for members to view if they should so wish before the AGM. You will find them on the documents page password KazyRutter.
